

“The Promise“ Playthrough

By SDevil

Editor and Scenario Writer for “The Promise“ made by Xagrim’s Gameforge.

This is an open world game so you have many other ways to spend your days.

Monday start of the game

- Ask Lisa for some money + 15 Novos
- or
- Ask Marcus for some money + 15 Novos

- Don't bother to buy the flowers yet because your wife doesn't accept them.

- Some options to spend the 15 Novos on
- Go to the cinema between 16:00 and 20:00 o'clock
- Go to the public pool between 10:00 and 18:00 o'clock
- Go to the bar between 20:00 and 23:00 o'clock

- Cinema Monday afternoon
 - Meet Jenny

- Park Monday evening
 - Go jogging between 20:00 and 23:00 o'clock to meet Mister Finance

Tuesday day 2-7

- Jogging with Lisa grants you a coupon from Marcus
 - Book of Arts Relationship + 1/25
 - Sculpturebook Relationship + 1/25
 - Love Story (just a hint it will raise her corruption)

- Your fitness level should be 2/50 now. Time to get a job at City Hall
 - Pick the one you like best. You can always go to City Hall to switch jobs.

- Your wife who works at City Hall asks to be pinched because she cannot believe her eyes.
 - Pinch her arm: No changes to relation or corruption level
 - Pinch her tit: +2 Corruption for Michelle
 - Pinch her ass: +1 Corruption for Michelle

- If you don't have any Novos there is not much you can do but skip a few hours around the house or go to sleep.
- We'd recommend to skip until 18:00 o'clock to earn some extra relationship points helping out in the kitchen
- Don't drop something on the ground.

- At 20:00 o'clock you can either help Michelle in the Livingroom or adopted daughter Lisa in the kitchen.
- Then go to bed early to be fresh for your first workday at Landing City.

- Events for the jobs are random go there 5 days a week for them to trigger.

- Shop
 - Now that we have some Novos buy some chocolate at least.
 - Your wife doesn't accept gifts so no need to buy flowers yet.
 - Lisa however does like a present so let's buy a sculpture book. We have 49 Novos left.

- A little help for the wife in the kitchen at 18:00
- Some freshing up in the bathroom cause low hygiene will prevent you from going places.
- And at 20:00 either help the Wife or stepdaughter.
- Let's go for Michelle as Lisa will receive her gift tomorrow.

- Some time left before bedtime you can go to the bar if you like or the park to work on your fitness.
- Since Michelle wants us to work on our stamina we go jogging.
- At random a much younger woman than mc jogs by and we can check out her tits or ass.
 - It's just a gimmick and a quick way to raise your arousal.

- We smell like we took a dive in the swamp but can't enter the bathroom because Lisa is using it.

- In the bedroom is Michelle who doesn't accept our massage yet.
- All we can do is wait until the bathroom is free.
- A quick shower before going to bed and the nightmare literally begins.

- If you have your job since Tuesday there will be a short cutscene.
- Pay close attention to what your wife tells you as it will come in handy to score maximum relation- or corruption points.
- In summary:
 - 7:00 She's in the kitchen
 - 8:00 Breakfast with Lisa and her
 - 9:00 Lisa in the kitchen doing dishes and Michelle in the bathroom (un)dressing
 - 10:00 to 18:00 Michelle can be found at City Hall. You're able to visit her when the relationship improves.
 - 18:00 Your wife starts to cook dinner
 - 20:00 You can find Michelle vacuuming the livingroom and Lisa in the kitchen doing dishes.
 - 22:00 Michelle will be naked in the bathroom

- After working let's go to the shop again and buy the Charming boy book.
 - You can then read it in your livingroom which is a useful way to kill time.

- We pick it up from Friday early morning. Just like expected Michelle is in the kitchen.
 - We have several options on offer but for now we go for helping her prepare breakfast to get that Relationship point.

- Joining them for breakfast doesn't get us extra points but does offer the option to check out one of the ladies.
 - So we just eat our breakfast and help out Lisa doing the dishes for an extra point.
- Then we go to work
- Another round at the park for a fitness point +1 and some free hours to spend.
- In our case we read the book to work on our Charm level

- Saturday at Landing City. Our first weekend. Of course you can still work but we want to see what this town has to offer.

- So after breakfast we decide to head to the pool for a nice swim.
 - We can just change our clothes or look through a peep hole.
 - Since we saw a voluptuous dark girl enter the booth next to us we decide to take a peek.
 - Not a bad sight.
 - Now we can spend our time at the pool the way we like.
 - Just sitting and checking out the visitors sounds best for us.

- Since Michelle asked to put money on the REA at the end of each week, we head to the bank and deposit 100 Novos.
- In our case we have 28 left which we want to spend at the bar later this evening.
- Then back in the books to get our Charm level up. If all goes well we reach the next level tomorrow.
- Lisa no'r Michelle are somewhere to be found.
- We can spend the hours anyway we like and visit good old Marcus.
- He has no news he says.
- Michelle returns home at 20:00 washing dishes in the kitchen. Of course we help her for our sixth relationship point.
- Then it's bartime! After a couple of beers and some social chat with bartender Dave we pay 15 Novos and head back home.
- To bed.
- We try to convince the wife to have sex. Michelle's sleeping or just acts like she is.

- Sunday tells us we can go swim with Lisa but our relationship is not ready for some daughter dad time yet.
- Awake at 7:00 we read our charm for dummy book ones more and get our Charm level upgrade to 1. Nice.
- Michelle gets our help for an extra relationship point and we check her out while eating breakfast.
- After that another point as we help her do the dishes. Lisa seems to be off to the pool.
- That's where we're heading as well.
- No sign of Lisa but there is a nice blonde with tattoos entering the booth next to ours.
- We use the hole to check her out.
- She shows a lot more than the Afro American girl we had seen.
- We walk around a bit and are stopped by the lifeguard. She is checking our trunks and kicks us out.
- Embarrassed we turn on the tv and watch the news bulletin. It's the sexy Angelo Rose.

- Another visit to the Newsstand Marcus refers to the item as well.
 - There are three answers to select from neither of them shows an immediate result.
 - We go for the one that supports the people.
- Another jogging round for a fitness point +1.
- Cooking with the wife and helping her housekeeping to get 2 extra Relationship points.
- Before going to bed we offer her a massage which is rejected and we call it a day.

Monday day 8

- We meet Mia who has heard about us getting kicked out of the public pool.
 - She invites us to see her at the pool on Monday, Wednesday and/or Friday around 16:00 o'clock.
 - After taking a quick shower because chlorine can't clean everything..we head to the pool and see her.
 - Mia took the booth next to ours so it is too hard not to take a peek.
 - She flashes us her breasts at the pool just when the lifeguard is patrolling.
 - And we got kicked out again.
- Let's see if Jennifer is working today again at the Cinema.
 - Jenny wants something to chew on besides popcorn and hotdogs which they sell there.
 - mc doesn't seem to know he has chocolate in the inventory. And if you didn't buy it yet go get it before next Monday.
- The bar is open and we need a drink. But a strong one after the tragedy at the public pool. Poor us.
- We fill ourselves up with Whiskey until the curfew kicks in amongst with the alcohol.
- Time to sleep.

Tuesday day 9

- After scoring relationship points with the wife we had to work.
- Our random encounter shows us two women on bikes. (You could get something else or nothing at all)
 - Check out the girl or the woman. We think the girl is a bit too young and look at the woman.
- First we help Michelle at home and then we head back to the bar. For beer this time.
- And at midnight we drop in bed.

Wednesday day 10

- Michelle's Relationship is at level 0 now which is good as we started at -1.
- Later on we will have a word with Mia at the public pool but first off to work.
- Random job encounter
- We meet an Afro American lady on a tractor and of course we select she's a hot woman.
- Lisa still hasn't gotten her book but since the pool closes at 18:00 and it is 17:00 we head there now.
- We see Mia again who feels sorry about what happened.
 - She enters the adjacent booth and we take another look at her through the hole.
 - Mia flashes us again and we get kicked out for the third time in one week.
- At home we see Lisa and give her the book we bought to gain +2 for the relationship.
- After helping Michelle we head to the bar. Hopefully Dave has enough Scotch.
- Next to the restrooms there is a bouncer guarding the door. Mmm..strange..
- Asking Dave about this..he reacts very weird as well.
- Back at home we try again to get laid and this time the wife agrees. But we have to use a rubber.
- It's better than nothing. So we bang her as fast as we can for three times in a row before we finish.
- We fall asleep immediately.

Thursday day 11

- It starts with a cutscene of Michelle reading the newspaper. Around 50.000 Novos are needed for her beauty treatment.
- So we go back to work skipping breakfast as every Novo seems to count now.
- Another visit from the ever so lovely but oh so naughty Mia.
 - We accept her apologies and tell her we'd like to see her again. That ends our day at the farm.
- Lisa takes us to the shop to buy something nice for the wife. Michelle relationship +1
- We score 1 more with the wife by helping cook dinner and then 1 by helping Lisa with the dishes.
- A few beers at the bar and back to the wife.
- She is still up and asks us to shoot a few photo's of her so we do. Very decent ones.
- Then it's sleeping time.

Friday day 12

- After work we buy ourselves the 2nd book to work on our charm level.
 - And read a chapter when getting home. Lisa is there to keep us from concentrating.
- Then buy a book of arts for our adopted daughter.
- Bartime!! Until curfew starts we drink beer.

Saturday day 13

- Relationship 0: The wife is no longer angry and accepts gifts. So that's a good way to improve the relationship with flowers.
- We can also invite Michelle to go jogging at 20:00 on weekdays now.
- Immediately we head to the shop and buy flowers and a pornbook. Let's see which one she prefers.
- Lisa is still on Relationship 0 so we are going to work on that now and help her doing the dishes.
- A quick round through the park which is very important to keep fit. +1
- Some brain exercising by reading the charm book.
- And killing time until dinner.
- We can give Michelle either the flowers or the Pornbook. Since mc doesn't have the guts yet to gift the latter one. Flowers it is. Relationship +3
- Nothing special at the bar and we finish this Saturday with a quicky in the bedroom.

Sunday day 14

- Michelle asks us how we are doing at our job? Lisa has forgotten our profession so we politely remind her.
- We get an opinion about our 100 REA which the wife is not very happy about.
- Apparently that wasn't enough and -1 in Relationship points. Hopefully you'll do better.
- Visiting the Newsstand Marcus says he has good news for us. A possible job. We'll check again in a few days.
- Lisa doesn't want to swim so we spend our time reading a book to improve the charm level.
- After helping the wife as much as we can..we treat ourselves to a nice cold beer at Dave's bar.
- To end this week in style we bang the wife for a while. And fall asleep like we always do.

Monday day 15

- We smell like beer and take a shower to save us some time.
- This way we can start our workday at 8. Because we have a chocolate bar who is starting to melt in our pocket and an appointment at the Cinema.
- After the job is done we first take a shower so we don't smell like farm and then head there to see Jenny.
 - mc wonders if she might be more of a flower girl so we go to the shop to buy some for Jenny after the movie has finished.
- The shop closes at 20:00 o'clock so we decided to go straight to the bar. Which has just opened its doors.
- At home we can have some with the wife but we decide to go to sleep instead.

Tuesday day 16

- An uneventful day at the farm sends us home with a bad smell.
- After a bath we go to the shop and buy 4 bouquets so we can woo Jenny for weeks to come.
- And then we invite the wife in the livingroom for jogging, who accepts our offer.
- Mister Finance watches her while she bends over and gives his thumb up. Next Tuesday we can collect the Novos. Nice.

Wednesday day 17

- While the rest of the family has breakfast we finish our book to get a 2/3 Charm Level. That will do for now.
- Before starting our job we help Lisa with the dishes and make it just in time at the Farm.
- As we're already dirty we take a jogging tour at the park to improve our fitness level.
- Boy that made thirsty time for a cold one at the bar.

Thursday day 18

- mc got up earlier to see with his own eyes if Michelle would hang a towel in front of the mirror.
 - As it is the first time to see Michelle naked we decide to spy on her as a voyeur.
- Mc's arousal is the opposite of his hygiene which has hit rock bottom. Time to do something about it in the bathroom.
- Then it is time to work but not before helping Lisa who's doing the dishes.
- As the workday ends we kill some time before dinner and then invite Michelle for jogging.
- We decide to enter the bathroom and the wife quickly covers her breasts. Therefore we decide not to look at them.

- It really looks like Michelle could use a massage. We offer one and she accepts. Relationship +1
- A good thing to make a habit of this every night if not too drunk.

Friday day 19

- We help the wife then Lisa and at 10:00 go to work at the Farm.
- The two women on the bike pass by. We check out the woman.
- Due to the late start it's 18:00 already.
- A quick dinner and shower sorry for the smell family and then a fast jog at the park.
- 22:00 and we wanted to go to the cinema which is closed now.
- But at least the bar is open.
- The wife is not sleeping yet and staring at the ceiling. But we just want to get a shut eye.

Saturday day 20

- Marcus texts us the news is worth watching.
- So at 7 we turn on the tv to see the Scentek project is being handled by Angela Rose.
 - Dr Lanceburry one of the people to blame is at the studio.
- The next thing we do is head to the newsstand to talk with our friend about this subject.
 - Marcus asks us our opinion and we get three options.
 - The government will do what it takes. Hidden stat +1
 - I don't believe anything can help. No visible alterations.
 - Forget it they are liars and frauds. Hidden stat -1
 - We decide to give the government the benefit of the doubt for now and get +1.
- 9:00 o'Clock we could go to work but hello it's Weekend.
- Instead we go to the bank and deposit another 100 on our REA. Keeping some Novos to spend later today.
- Back home we are just in time to help Lisa with her dishes. Relationship +1. 13/25.
- Some jogging and a nice bath and then we kill some time waiting for the cinema to open.
- We see Jenny at the ticket booth who we will be visiting on Monday and go buy us something to chew on.
- Behind the counter is some Asian girl who we check out quickly and then compliment since our Charm level is high enough.
- Near the door we find the Afro American girl which we saw at the pool next to our changing booth and say hello
- We could check out her assets but we decide to go for small talk. Relationship +1

- On our phone we see this must be Nina 1/6 relationlevel and 0 corruption level.
- An hour left before the bar opens so we just refresh ourselves in the bathroom.
- At midnight we go back home.
- Is the wife still awake? Good. Because we are in the mood today.
- So after some slow sex we go to sleep satisfied.

Sunday Day 21

- A morning jog this time and a quick bath but the main event will be visiting the cinema.
- Hopefully the Asian girl is working today.
- At 16:00 we go buy something at the counter. We compliment her and she winks at us.
 - Our Charisma is high enough so we decide to follow her.
 - mc takes over from here and ends up in a fight which he wins quite easily.
 - The girl is called Lin and invites us to have a drink at the bar.
 - mc goes there and waits until she arrives. His charm books have given him the perfect line to impress the young lady.
 - Lin is in a hurry and asks to jogging on Friday before 21:00 o'clock. Mc decides it is a great idea.
- The 'bardate' lasts until midnight and the best thing is it didn't cost us one Novo.
- A good thing the wife is still awake because the Asian beauty really worked up our appetite.
- Michelle would like an early night but we give it to her slow and three times in a row.

This are just three weeks of a playthrough and there is much more to explore.

Creating a walkthrough for it is almost impossible so that's why we made this document.

Following it will help you on your way discovering what Landing City has to offer.

But as this was written we are still working on the side missions to be added for the beginning.

The main story will stay this way and will be extended.

All to make this game a great experience for every one in which they can decide which way they want to go.
